SAFETY DATA SHEET

	1. Identifica	ation		
Product identifier	Q-ALK PC			
Other means of identification	None.			
Recommended use	COOLING WATER STARTUP PRO	DUCT		
Recommended restrictions	None known.			
Manufacturer/Importer/Supplier	/Distributor information			
Manufacturer				
Company name	ChemWorld			
Address	885 Woodstock Rd.			
	Ste 430-111			
	Roswell, GA 30075 United States			
Telephone	(800) 668-7716			
Website	www.chemworld.com			
E-mail	Sales@ChemWorld.com			
Emergency phone number	+1-(800)-255-3924 Ch	emTel		
	2. Hazard(s) ide	ntification		
Physical hazards	Not classified.			
Health hazards	Skin corrosion/irritation		Category 1	
	Serious eye damage/eye irritation		Category 1	
Signal word	Danger			
Hazard statement	Causes severe skin burns and eye damage. Causes serious eye damage.			
Precautionary statement				
Prevention	Do not breathe mist or vapor. Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.			
Response	If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. Wash contaminated clothing before reuse.			
Storage	Store locked up.	-		
Disposal	Dispose of contents/container in accordance with local/regional/national/international regulations.			
Hazard(s) not otherwise classified (HNOC)	None known.			
Supplemental information	None.			
	3. Composition/informat	ion on ing	gredients	
Mixtures				
Chemical name	Common name and synonym	ıs	CAS number	%
2.2'.2" Nitrilatriathanal			102 71 6	· -

Chemical name	Common name and synonyms	CAS number	%
2,2',2"-Nitrilotriethanol		102-71-6	1 - 5
Potassium hydroxide		1310-58-3	1 - 5
Sodium phosphate, tribasic		7601-54-9	1 - 5

Chemical name	Common name and synonyms	CAS number	%
.alphaHydroomegahydroxy oxy-1,2-ethanediyl)	poly(25322-68-3	0.1 - 1
Other components below report	able levels		80 - 100
Designates that a specific chemic	al identity and/or percentage of composition ha	s been withheld as a trade se	ecret.
Composition comments	Occupational Exposure Limits for impurities a	are listed in Section 8.	
	4. First-aid measures		
Inhalation	If breathing is difficult, remove to fresh air and Call a physician if symptoms develop or persi		mfortable for breathing.
Skin contact	Take off immediately all contaminated clothin poison control center immediately. Chemical contaminated clothing before reuse.		
Eye contact	Immediately flush eyes with plenty of water for present and easy to do. Continue rinsing. Cal		
Ingestion	Call a physician or poison control center imm vomiting occurs, keep head low so that stoma		
Most important symptoms/effects, acute and delayed	Burning pain and severe corrosive skin dama include stinging, tearing, redness, swelling, a blindness could result.		
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and tre immediately. While flushing, remove clothes v ambulance. Continue flushing during transport Symptoms may be delayed.	which do not adhere to affect	ed area. Call an
General information	Ensure that medical personnel are aware of t protect themselves.	he material(s) involved, and t	ake precautions to
	5. Fire-fighting measure	es	
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carb	oon dioxide (CO2).	
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as th	is will spread the fire.	
Specific hazards arising from the chemical	During fire, gases hazardous to health may b	e formed.	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full p	rotective clothing must be wo	rn in case of fire.
Fire fighting equipment/instructions	Move containers from fire area if you can do	so without risk.	
Specific methods	Use standard firefighting procedures and con	sider the hazards of other inv	olved materials.
General fire hazards	No unusual fire or explosion hazards noted.		
	6. Accidental release meas	sures	
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep per appropriate protective equipment and clothing not touch damaged containers or spilled mate Ensure adequate ventilation. Local authorities contained. For personal protection, see section	g during clean-up. Do not bre erial unless wearing appropria s should be advised if signific	athe mist or vapor. Do ate protective clothing.
Methods and materials for	This product is miscible in water.		
containment and cleaning up	Large Spills: Stop the flow of material, if this i possible. Cover with plastic sheet to prevent and place into containers. Following product i	spreading. Absorb in vermicu	lite, dry sand or earth
	Small Spills: Wipe up with absorbent material remove residual contamination.	l (e.g. cloth, fleece). Clean su	rface thoroughly to
	Never return spills to original containers for re	e-use. For waste disposal, se	e section 13 of the SDS

	7. Handling and	storage	
recautions for safe handling	Provide adequate ventilation. Do not clothing. Avoid prolonged exposure. good industrial hygiene practices.		
onditions for safe storage, icluding any incompatibilities	Store locked up. Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).		
	8. Exposure controls/per	sonal protection	
ccupational exposure limits			
US. ACGIH Threshold Limit	Values		
Components	Туре	Value	
2,2',2"-Nitrilotriethanol (CAS 102-71-6)	TWA	5 mg/m3	
Potassium hydroxide (CAS 1310-58-3)	Ceiling	2 mg/m3	
US. NIOSH: Pocket Guide to	Chemical Hazards		
Components	Туре	Value	
Potassium hydroxide (CAS 1310-58-3)	TWA	2 mg/m3	
US. Workplace Environmen	tal Exposure Level (WEEL) Guides		
Components	Туре	Value	Form
.alphaHydroomegahydr oxypoly(oxy-1,2-ethanediyl) (CAS 25322-68-3)	TWA	10 mg/m3	Particulate.
Sodium phosphate, tribasic (CAS 7601-54-9)	STEL	5 mg/m3	

Appropriate engineering controls Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Eye wash facilities and emergency shower must be available when handling this product.

Wear safety glasses with side shields (or goggles) and a face shield.

No biological exposure limits noted for the ingredient(s).

Individual protection measures, such as personal protective equipment

Biological limit values

Eye/face protection

•			
Skin protection			
Hand protection	Wear appropriate chemical r	resistant gloves. Suitable gloves can be recommen	ided by the glove

	supplier.	
0.1		

Other Wear appropriate chemical resistant clothing.

Respiratory protection In case of insufficient ventilation, wear suitable respiratory equipment.

General hygiene
considerationsAlways observe good personal hygiene measures, such as washing after handling the material
and before eating, drinking, and/or smoking. Routinely wash work clothing and protective
equipment to remove contaminants.

Symptoms related to the
physical, chemical and
toxicological characteristicsBurning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may
include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including
blindness could result.

Information on toxicological effects

Acute toxicity	Not available.
Skin corrosion/irritation	Causes severe skin burns and eye damage.
Serious eye damage/eye irritation	Causes serious eye damage.

Respiratory or skin sensitization	1		
Respiratory sensitization	Not a respiratory sensitizer.		
Skin sensitization	This product is not expected to cause skin sensitization.		
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.		
Carcinogenicity	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.		
IARC Monographs. Overall I	Evaluation of Carcinogenicity		
Not listed.	AS 102-71-6) 3 Not classifiable as to carcinogenicity to humans. d Substances (29 CFR 1910.1001-1050) ogram (NTP) Report on Carcinogens		
Reproductive toxicity	This product is not expected to cause reproductive or developmental effects.		
Specific target organ toxicity - single exposure	Not classified.		
Specific target organ toxicity - repeated exposure	Not classified.		
Aspiration hazard	Not an aspiration hazard.		
Chronic effects	May be harmful if absorbed through skin. Prolonged inhalation may be harmful.		
	Prolonged or repeated exposure may cause liver and kidney damage. These effects have not been observed in humans.		
	12. Ecological information		
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.		
Persistence and degradability	No data is available on the degradability of this product.		
Bioaccumulative potential			
Partition coefficient n-octan 2,2',2"-Nitrilotriethanol	ol / water (log Kow) -1		
Mobility in soil	No data available.		
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.		
	13. Disposal considerations		
Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.		
Local disposal regulations	Dispose in accordance with all applicable regulations.		
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.		
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).		
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.		
	14. Transport information
