ChemWorld Green

Mild-Alkaline Multi-Purpose Detergent

ChemWorld Green is water-clear, mild detergent designed primarily for hard surface cleaning in almost every type of industry ranging from metal working shops to restaurants. ChemWorld Green may be applied manually, non-recirculating high pressure spray, foam generation, or by agitated immersion. ChemWorld Green is a concentrated liquid which is effective in the hardest of waters. ChemWorld Green may be used on steel, stainless steel, aluminum, copper, brass, wood, asphalt, tile, and most plastics. ChemWorld Green's power-packed detergency emulsifies, saponifies, and effectively disperses even the most difficult oils and soils, and is easily rinsed away. ChemWorld Green leaves an invisible film which provides indoor corrosion protection for up to 30-days on metal components. ChemWorld Green was formulated to compete directly against nationally known Simple Green™ at a more user-friendly cost.

PRODUCT PROPERTIES:

Appearance:	Green liquid
Odor:	Sassafras odor
Specific Gravity:	1.03
Solubility:	Complete
Flash Point:	None
pH(1%):	8.0 - 9.0
Phosphate Content:	< 1% as elemental phosphorous(P).
Biodegradability:	Detergent is 100% biodegradable.
HIMS:	1,0,0

USE INFORMATION:

Concentration:	2 - 15% by volume
Temperature:	Ambient to 140°F, Heat accelerates cleaning.
Contact Time:	As available.

PRECAUTIONS: May cause irritation to the eyes upon contact with concentrate.

****AVOID CONTACT** FOR INDUSTRIAL & COMMERCIAL USE**

STANDARD PACKAGING SIZES: Bulk, 330 + 275 gal, 55 gal, 30 gal, 15 gal, and 5 gal. containers.
OPTIONAL: Private labeling. Bulk container packaging from 1 oz to 5 gallons.
