ChemWorld TW1

Premium Vehicle Detergent for Transportation Vehicles
Developed for Manual, Brush, and Pressure Washing

DESCRIPTION:

ChemWorld TW1 is a medium to heavy duty foamy liquid detergent. It's unique blend of wetting and emulsifying agents give ChemWorld TW1 its superior ability to penetrate grease, oil, road film, insect residue, and particle soils. Once the bond is broken, the soil is held in suspension with no redepositing. Rinsing is rapid and complete, leaving a surface that is free from residue. ChemWorld TW1 is also effective and safe on rubber, synthetic materials, and polished and anodized aluminum surfaces. ChemWorld TW1 is designed for use with both manual brush and conventional high pressure wand equipment as a truck and bus wash, and construction equipment cleaner.

PRODUCT PROPERTIES:

Appearance:	Clear green liquid, mild odor
Specific Gravity:	1.08
Solubility:	Complete
Flash Point:	None
pH (100%):	<12.4
Biodegradability:	Detergent portion is 100% biodegradable.
HMIS Rating:	1,0,0

DIRECTIONS FOR USE
